A copy of Mr. Davenport’s presentation is attached hereto as Attachment A and is made a part hereof.

University Relations
Ms. Pamela Lepley, Vice President for University Relations provided the following updates:

Dashboard Highlights
Public relations and marketing communications goals for Fiscal 2020 are focused on raising institutional brand awareness and reputation among national and regional audiences. The Make it Real paid campaign also supports undergraduate in-state and out-of-state student recruitment. New earned media goals focus on the quality of national media coverage:

- “Top tier” national media hits
- Baseline of media hits that “tell our story,” versus a quote or mention
- Baseline of coverage in markets where we target undergraduate recruitment
Owned media goals focus on strengthening our creative storytelling while developing a larger readership through improved distribution channels, particularly the VCU News email newsletter and the VCU News site.

Shared media goals:
- Navigate changes in social media platforms that reduce reach of institutional posts
- Supplement organic social media strategy with a paid strategy to extend reach
- Focus on our governance role by helping VCU units prepare for exterior threats, including bots

Paid media goals:
- Undergraduate in-state and out-of-state recruitment
  - Increase out-of-state applications
  - Increase in-state applications
- Institutional awareness
  - Remain competitive among peer institutions

Public Affairs and Marketing Highlights
The committee was updated on the strategic marketing communications plan for this fiscal year.
- There has been and will be a continued emphasis on communicating student success through all communications channels – media coverage, social media, advertising and university online media (VOX Global to report to the full board on communications strategy)
- Public relations and marketing communications goals are focused on raising institutional brand awareness and reputation among national and regional audiences
  - Associated metrics including national media hits and social media engagement are tracking well ahead of projections
  - The Make it Real student recruitment advertising campaign also is tracking ahead of projections. Of note:
    - Success with interest from transfer and out-of-state students
      - Nearly 50 percent of hits from advertising are to the transfer application link
      - 35% of 11,685 “conversions” are from out-of-state (conversions include clicks from advertising to the freshman application link, join an email list, transfer application, register for events)
- Developing recruiting strategies for FY21 and FY22
  - Undergrad freshmen (in state and out of state)
  - Working adults
  - Individuals with some college credit
  - Military/veterans

A copy of Ms. Lepley’s presentation is attached hereto as Attachment B and is made a part hereof.
CLOSED SESSION
Mr. Wagoner then moved that the University Resources Committee of the Board of Visitors of Virginia Commonwealth University convene a closed session under the Virginia Freedom of Information Act in order to discuss pursuant to Sections 2.2-3711 (A) (9) of the Freedom of Information Act for the discussion of gifts, bequests, and fund-raising activities of the University, namely the Named Funds and Spaces Report, and the Approved Named Funds under $50,000.

Out-of-State Brand Awareness Research Summary and Preliminary Improvement Strategies

- Based on 2019 brand research study, VCU has little awareness out-of-state.
- People that are familiar with VCU feel positively about us: Diversity – Quality Education – Stimulating Environment – Benefits of Urban Location.
- DC and its MD suburbs show the most promise for attracting new students.
- Parents in the NY metro area are more open to Virginia schools and VCU tuition.
- NC and PA will be the most difficult states because of low awareness and interest in VCU.
- VCU’s tuition is generally perceived as a good to fair value for all students.
Preliminary creative, research and paid media strategies to improve out-of-state brand awareness and perceptions

Creative:
- Cater messaging to top performing out-of-state keywords
- Capitalize on the growing national recognition of Richmond
- Retarget out-of-state responders with customized messages
- Feature stories that connect to national cultural and news events
- Incorporate in market multivariate (A-B) testing to optimize messaging, design and targeting

Research:
- Conduct ongoing quantitative studies with high school juniors and seniors and their parents
- Include Virginia, key out-of-state media markets and a national sample
- Conduct the study 2x/year to capture attitudes at peak and low/no media periods
- Focus on brand attributes like quality of education, diversity, career outcomes, etc.
Preliminary creative, research and paid media strategies to improve out-of-state brand awareness and perceptions

Media:

- Extend and launch annual campaign earlier to improve consideration going into application peaks
- Run in more awareness channels e.g., broadcast, outdoor, transit, etc. (A-10 markets)
- Expand breadth of digital advertising in native advertising, paid search; implement a year-round digital display campaign to remain top of mind

Current Annual Marketing Efforts:

- Conducted quantitative and qualitative brand health and awareness study in 2019
- 33% of total media budget is placed in OOS markets
- OOS media is nearly 100% digital (display, social & search engine)

Bottom Line: Current results and research validate the need for increased marketing investments to improve VCU’s brand awareness and perceptions
In addition to out-of-state:

• Adults 24+
• Transfers
• Individuals with some college
• Military/veterans
